Hi Ellen,

I could not find the link for the Regional Connector Mitigations, can you send it to Estela, Miguel and Nate?  
Thanks!  
Joanne

I did find a hard copy along with a notebook with the information from the consultant that can be helpful. I can scan it and send it along if you can't find the link.

I also had a thought. I might reach out to Shane Phillips, who is CCA's transportation director. He might be someone who could advise us, or might know of someone.

Joanne, please don't forget to forward the document you said would be helpful for us to get a sense of the types of mitigation issue that lie ahead of us. I'm working to gather my peeps for a meeting the week of July 10. Such a document would be an awesome primer.

Cordially,

Hi all, while talking to Chris Komai, president of LTCC, we remembered that METRO hired a transportation consultant to work with Little Tokyo to understand the process! Estela, this is what you were asking.

Also, Alameda will not be an acceptable option if the train runs at grade between 3rd and Temple.

The last time we all met was in Jist Cafe. I'm okay with that meeting location or alternatively, City Hall.

Hello All,

I'm just confirming that we are meeting tomorrow at 1:00 PM to discuss the WSAB. Have we set a meeting location yet?
